RE: Storage of Nuclear Waste in Utah

I am a long term resident of Utah and am writing to oppose the storage of nuclear waste in Utah. The long term effects of such storage are not known and Utah has an unfortunate history of exposure to substances that are harmful.

While nuclear storage of waste would not be a good thing for Utah, it is worsened by discussions of bringing in waste from outside of the country. It is unfortunate that big business and the search for a profit would be put before the health, safety and well being of Utah citizens.

I hope you will take my comments into consideration in making any final decisions in this regard.

Sincerely,

Ann Nevers
