MEETING BETWEEN NUCLEAR METALS, INC. AND REGION I

Nuclear Metals, Inc. has requested to meet with Region I personnel at 10 AM on April 30, 1974 at the Region I Office, to further discuss the findings of the February 20-22, 1974 inspection relating to the placement of enriched uranium in not-safe-by-geometry containers. Region I has requested the assistance of Mr. George Bidinger to attend this meeting. It would be appreciated if Mr. Bidinger's services could be made available to attend this meeting.
