NRC-04-04-068 Task Order No. 004 Modification No. 1 Page 2 of 2

The purpose of this modification is to:

(1) Revises the scope of work to redirect tasks on the remaining eight plant decks. In particular, this modification brings work on the North Anna and Palo Verde decks to a close, and replaces these with the higher priority Monticello and Nine Mile Point 2 plants. There is no increase or decrease to the ceiling amount of this task order as a result of these changes. The cost neutral changes are reflected and highlighted in Attachment #1 – Revised Statement of Work (SOW).

This modification confirms the authorization provided to ISL, Inc. via email dated 12/20/2007 to commence work under this effort, effective December 20, 2007. (There was no change to cost ceiling as a result of this modification)

Reference is made to ISL, Inc.'s revised proposal dated 12/19/2007 in response to this effort.

(2) Other administrative changes such as replacing the NRC Project Manager and Technical Monitor are also reflected in Attachment #1.

Accordingly, the Task Order No. 004 is modified as follows:

1. The SOW is DELETED entirely and REPLACED with the following:

See Attachment #1.
