Subject: Re: Whittaker Environmental Assessment

Ms. McLaughlin,

Thank you for your consideration. I have been working to follow-up on a recent related issue involving decommissioning waste from Yankee Atomic in Rowe, MA. I have sent your request up through my management but am unsure exactly the timing of response to you. As soon as I have a better idea of schedule moving comments through my management, I will let you know. I have also been in contact with the Texas Department of State Health Services about comments they might be providing as well. I do appreciate you working with Texas to address comments and concerns.

For your information, I am attaching the TCEQ comment letter related to the Yankee Atomic waste. If you have any questions for me at this time, please do not hesitate to e-mail or call at (512) 239-6731.

Sincerely,
Susan Jablonski
Texas Commission on Environmental Quality

Ms Jablonski:

Thank you for your phone call. I hope the attached EA comes through in a readable format for you. If it does not, I can fax it. Attached is the Draft Environmental Assessment for Whittaker Corporation, a decommissioning materials site in PA, who is seeking to send slag materials blended to unimportant quantities to WCS in Andrews, TX. I would like to provide your agency the opportunity to review the EA for comment. I am trying to complete the action as soon as possible, although I understand your agency will require reasonable time to review the EA. I'm not trying to rush this past you. Please let me know your estimated time for review when you have had the opportunity to look this over. If you have any questions, you may reach me at 610-337-5240.

Regards,
Marjorie McLaughlin
