Thanks Marjorie,

The TAR came through ok. I have a meeting to run to here at 10, but I will take a closer look at the other documents listed. I think this is all I will need that I don't already have, but I will let you know. Thanks.

Bryan

Bryan:

The new NRC policy on public release of documents prohibits me from making the items in ADAMS publically available until the license is terminated. I just faxed over to you the TAR review on the DCGLs. It is about 27 pages long. The other documents are quite a bit longer (70-180 pages) What I can do is Express Mail any of the other documents you wish to review. Then, after you have looked through them, you can return them to me. Let me know what other items you wish to see and I will send them out today. Also, please shred the TAR paperwork I faxed over after you have reviewed it as it also is not being made public at this time.

Sorry for the inconvenience,

Marjorie

Marjorie,

It's no problem. Just let me know when you are able to get it resolved.

Good Morning, Bryan,

I was out of the office on Friday, and just read your message. The items in ADAMS may not be publically viewable. I will take care of it this morning, and contact you as soon as it is remedied. I apologize for inconveniencing you in this way,

A1114

Thank you for patience,  
Marjorie

Hi Marjorie,

I have been unable to get any of the references listed on your EA for Whittaker off of ADAMS. Both Bob Maiers and myself tried every one of the references by Accession Number, and it just gives the message that no documents were found. I do not have the TAR (Ref. #7), and I would like to take a look at it before we respond to the EA. Do you by chance have this in a manageable digital format that you could email to me? If not, maybe you can figure out if they are in ADAMS and we just can't find them. Thanks for your help.

Bryan
