Good Morning Marjorie,

I just sent our formal response for the Whittaker EA via email. Sorry for the delay. I was waiting for a response from our Southwest region and I was tied up in some procedure writing as well. I also wanted to let you know that I found two typos in the text that I didn't want to put in the formal response. I am guessing that you may have found them already, but just in case I list them here. Both of them are on page two. First one is in the third sentence in "The Proposed Action" section. The third to the last word typed is "fir". I think it is supposed to be "for". The second one is in the "Environmental Impacts of the Proposed Action" section in the third sentence. The third word before the comma is listed as "fro" and I think it is supposed to be "for". Again sorry for the delay. That is definitely not how I like to operate, but sometimes I can't control things. If you need anything else, let me know. I look forward to working with you to see this project to the end.

Bryan

Good Morning, Bryan:

Just thought I'd check with you to see if you have any questions on the Whittaker Renewal/Amendment. Let me know if there is anything you need more information on. Thanks!

Marjorie McLaughlin
