MEMORANDUM TO: Those on the Enclosed List

FROM: Timothy Kobetz, Branch Chief/**RA**/
Reactor Inspection Branch
Division of Inspection and Regional Support
Office of Nuclear Reactor Regulation

SUBJECT: INSPECTION MANUAL DOCUMENT FOR COMMENT (08-04)

Enclosed for your review and comment are documents for which changes are being proposed. The Division of Inspection and Regional Support and NRR technical contacts are listed for these documents, along with a summary of the proposed changes.

To facilitate timely issuance, please comment on the specific changes being made to the document. If you wish to make other comments to improve the document, please use the feedback process described in Inspection Manual Chapter 0801, "Reactor Oversight Process Feedback Program."

Furthermore, clearly identify those comments determined to be of high importance requiring specific coordination with the Reactor Inspection Branch prior to issuance of the document.

IP 71111.01, "Adverse Weather Protection"

IRIB Technical Lead: Jeremy Bowen, 301-415-4572, E-mail: JSB3

This document is being revised to address feedback form 7111.01-1150 to include recommended clarification of inspection guidance regarding offsite power grid reliability verification.

IMC 0040, "Preparing, Revising, And Issuing Documents for the NRC Inspection Manual"

IRIB Technical Lead: Iris Cutler, 301-415-2953, E-mail: ILC1

The document is being revised to provide updated instructions on using Microsoft Word to revise inspection manual documents, identify the location of Word files of current inspection manual documents on the NRC website for use in making future revisions, to update the document issuing forms to include the IPE code and add additional signature authorities for the Office of New Reactors, and to make editorial clarifications.
