Subject: Decommissioning Cost Est

Marjorie:

Are you expecting that a Decommissioning Funding Plan separate from the cost estimate provided in the D Plan will be necessary for the Whittaker site? If we do not need a DFP, which I believe can be kept from the public's eye, is there a way to keep labor rates and waste disposal rates out of the DP since it will be a public document?

The current balance-of-project estimate is \$5.935M with a 25% contingency (about \$2M of this has already been completed). The Current FA is \$6.67M. Therefore, excluding the contingency, we have about \$3M worth of work left covered by the \$6.67M FA.
