Re: Mail Control Number 316781
USNRC License # 13-02650-02

Dear Ms. Casey:

On December 10, 2007, we submitted an amendment to our license.
The amendment is still under your review.

On March 4th 08, we requested to add a new medical physicist to our license.

Hereby, we are requesting to also amend item 9.c of our license to state the following:

The HDR remote afterloader will be physically attended during patient treatment by the authorized user and authorized medical physicist 35.615(2)(i)(ii).

Full calibration will be performed by an Authorized Medical Physicist 35.653(h).

We would also like to amend item 9.d of our license to state the following:

The keys for the HDR remote afterloader and control panel are locked in a drawer outside of the treatment room and the keys for that drawer are in a secretary's desk.

Respectfully:

Lori Price
Chief Operating Officer
