To whom it may concern,

Please don't approve EnergySolutions Import License Application IW023! As an environmentally conscious citizen of this country, I am apalled that anyone in the United States would think this is a good idea (unless, of course, one were making big money in the process). As a resident of Tennessee, I wouldn't want nuclear waste traveling through our state, as a wreck or hijacking would be an absolute nightmare.

Nuclear waste is a very controversial issue. The prospect of taking on the world's waste demonstrates just how little pride or concern some "businessmen" have for our nation. I would expect these kinds of shinnanagins attempted on some poor Third World country, but the U.S??? Shame on them AND you, if you approve this outrageous application!

Sincerely,

Tricia Kastens
Lebanon, Tn.
