Dear Secretary,

I urge you to deny the licenses that would allow the importation of 20,000 tons of radioactive waste from Italy into the United States. I cannot tell you how horrifying that prospect is to citizens like myself. I ask myself how we ever got to the place where such applications could be made. We have a national problem getting rid of our own radioactive waste - the idea of importing more for commercial purposes is irresponsible and evil. You must not allow the importation of additional radioactive wastes. Thank you.
