**Subject:** License applications IW023 & XW013

Please oppose license applications IW023 and XW013 by EnergySolutions. They want to bring radioactive waste from Italy in through the ports of Charleston, SC and New Orleans, LA; ship it to Tennessee for various types of "processing"—including incineration and possible "recycling" into consumer and industrial goods—and then send what's left for burial in the company's shallow landfill in Utah. We *must not* endanger our health for the financial benefit of EnergySolutions! Thank you.
