Project Manager S. NALLUSWAMI

Status of Decommissioning Activities

In October 1996, Northeast Ohio Regional Sewer District (NEORSD) submitted a decommissioning plan for non-lagoon areas. NRC is currently reviewing the plan. The decommissioning plan describes the NEORSD approach to the remediation of the non-lagoon areas, as well as a proposal for the final disposition of the stockpiled Co-60 contaminated soil and sludge that resulted from previous lagoon remediation.

NRC/Licensee Actions and Schedule

- Oct 1997 NRC completes review of decommissioning plan for non-lagoon areas
- Jul 1998 NEORSD begins decommissioning activities in non-lagoon areas
