**Subject:** RE: Former Burial Site Inquiry

Ms. Katanic,

The contractor provided the final draft and it was reviewed by the Dugway staff. When the response was reviewed by our headquarters they requested additional information be added.

We requested the additional information from the contractor and expect to receive the additional information next week. I will incorporate the information into our response and forward it thru our headquarters to you.

Thanks again for your patience. (No one wants to see this issue closed more than I do)

Regards,

Clair

Mr. McBride:

I would like to inquire regarding the status of Dugway Proving Ground's response to NRC's January 14, 2008 letter. On February 13, 2008, we had a telephone conversation wherein you requested additional time to respond to our letter. You subsequently sent me an email as a followup, indicating that your response would be finalized in the near future. It's been almost an additional 30 days since that conversation and email. I was hoping that you could provide me with an update on the status of your response.

Regards,  
Janine

Ms. Katanic,

Thank you for your telephone call regarding Dugway Proving Ground's

response to NRC letter dated 14 January 2008.

As I stated in our telephone conversation a draft response has been prepared by our contractor. The draft is being reviewed by Dugway staff offices and will be finalized in the near future.

The final response will then be forwarded through our headquarters (Developmental Test Command at Aberdeen Proving Ground, Maryland) to the NRC.

If you have any questions or require additional information please do not hesitate to contact me.

E-mail: [clair.mcbride@conus.army.mil](mailto:clair.mcbride@conus.army.mil)

Telephone: 435-831-5317

Thank you for your assistance and patience regarding this matter.

Clair McBride
