Additional Information for Application

Dear Mr. Torres:

By way of addressing the items noted in your e-mail dated March 18, 2008, we submit the following summary with the additional information requested to process our application dated February 12, 2008:

1. Request authorization to perform work at temporary job sites in NRC jurisdiction.

I request authorization to perform work at temporary job sites where NRC maintains jurisdiction.

2. Appendix H (Operating and Emergency Procedures) of NUREG-1556, Volume 1, revision 1, was revised. Appendix H is now called "Operating, Emergency and Security Procedures"

We will implement and maintain the operating, emergency, and security procedures described in the errata sheet to Appendix H of NUREG-1556, Volume 1, revision 1, and have provided copies of these procedures to all gauge users, to be placed with the transportation documents.

Should you have any questions or comments, please call me at your convenience.

Sincerely,
Sunbelt Laboratories, Inc.
Texas Firm Registration # F-000210

Mr. Breitnauer:

I have finished reviewing your renewal application and need the following two responses from you.

1) In your renewal application you did not request "authorization to perform work at temporary job sites in NRC jurisdiction". Please provide a response stating "I request authorization to perform work at temporary job sites where NRC maintains jurisdiction".

2) Appendix H (Operating and Emergency Procedures) of NUREG-1556, Volume 1, revision 1, was revised. Appendix H is now called "Operating, Emergency and Security Procedures". Please commit to the following:

"We will implement and maintain the operating, emergency, and security procedures described in the errata sheet to Appendix H of NUREG-1556, Volume 1, revision 1, and will provide copies of these procedures to all gauge users and at each job site".

The errata sheet to Appendix H can be found at:
