Dear Sir or Madam:

We hereby request an amendment to add "Decay in storage pending disposal" for radionuclides listed in items 6.H, I and J to our existing license number 21-00243-06 for our 100 Michigan St (Butterworth Hospital) location of use. We will be decommissioning our Molecular Diagnostic Laboratory at 1345 Monroe Ave in June 2008 and will need an alternate site to complete DIS of any remaining laboratory waste. We will store any such waste in a secured radioactive materials storage area already identified on our license for Butterworth Hospital.

If you have any questions regarding this amendment request, please contact me at 616-391-2498.

Thank you for your assistance.

Sincerely,

Bruce E. Hasselquist, PhD., RSO
