ATTN: RULEMAKING AND ADJUDICATION STAFF

Dear Mr. Secretary:

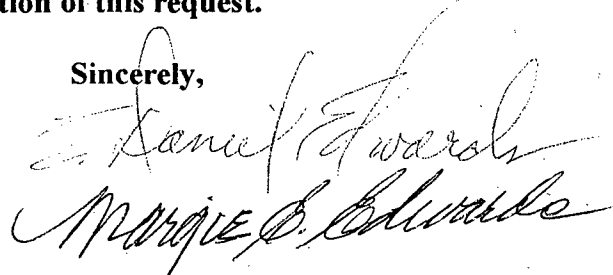

We are writing to register our opposition to the importation of low-level radioactive waste to Utah from Italy's dismantled nuclear power industry.

We do not support any plan that would import nuclear waste to Utah from countries outside the United States. We believe that every country should be responsible for the disposal of the nuclear waste they generate within their own borders.

We respectfully request that the NRC not approve the shipping of Italy's radioactive waste to Utah.

Thank you for your consideration of this request.

Sincerely,

E. Daniel Edwards
