SUBJECT: March 25 and 26, 2008, MEETING SUMMARY: USEC INC.  
MEETING ON LICENSING ISSUES

On March 25 and 26, 2008, U.S. Nuclear Regulatory Commission (NRC) staff participated in a meeting with staff from USEC Inc. (USEC) to discuss issues related to USEC's additional security measures and proposed design changes to the feed and withdrawal system for the American Centrifuge Plant (ACP), as well as renewing the license for the Lead Cascade to complete remaining licensed activities. I have attached the meeting summary for your use. This summary contains commercial and financially sensitive information, as well as Export Controlled information.

Document transmitted contains Security Related Information. When separated from Enclosure, this document is decontrolled.
