Dear Mr. Cohen,

Lost Creek ISR, LLC (LC ISR) is with this e-mail requesting permission to construct a Driller's Shop in Section 18 of the Lost Creek Project Area. A pdf drawing of the proposed Driller's Shop is attached. The shop would be used to store drilling supplies, perform light maintenance of drilling equipment, and store vehicles. No hazardous material will be stored at the shop. We are also proposing to run electric to the shed so it will have heat and lights. The building will have a steel structure with steel siding and roof.

If the NRC approves construction of the building, LC ISR LLC will then seek approval from the BLM since they are the landowner. Assuming all parties are in agreement, construction would commence in the summer of 2008.

Regards,  
John W. Cash
