Major Gregory Allen
Oklahoma Department of Public Safety
P.O. Box 11415
3600 Martin Luther King Ave.
Oklahoma City, OK 73136-0145

Dear Major Allen:

You are listed as the State official designated by your Governor to receive advance notification of transportation of certain shipments of nuclear waste and spent fuel through your State, as required by Section 301 of Public Law 96-295 and implemented by provisions in 10 CFR Parts 71 and 73 of the U.S. Nuclear Regulatory Commission's (NRC) regulations. You are also the designated State official to receive advance notification of other shipments of certain radioactive materials from NRC and Agreement State licensees as part of the enhanced security measures issued by the NRC following the terrorist events of September 11, 2001. I have enclosed a copy of the applicable portions of the regulations for your information (Enclosure 1). Also enclosed is a copy of NRC Regulatory Information Summary 2003-08, "Protection of Safeguards Information from Unauthorized Disclosure" (Enclosure 2), which is intended to assist you in establishing an information protection system that satisfies Safeguards Information handling requirements in 10 CFR 73.21.

Enclosure 3, "Individuals Receiving Advance Notification of Nuclear Waste Shipments," contains the present list of Governors' designees and includes your address and telephone number. **If any information on this list is inaccurate, please send your corrections to the Office of Federal and State Materials and Environmental Management Programs (FSME).** If we do not receive a response by **June 2, 2008**, we will assume the information shown on the list is correct. The list of Governors' designees is required to be published in the *Federal Register* on or about June 30, 2008.

In the aftermath of the events of September 11, 2001, we recognize the importance of quick and timely communication of information to the States. Accordingly, FSME established an E-mail distribution system to provide information to the Governor-appointed State Liaison Officers and State Radiation Control Program Directors. Similarly, we would like to maintain a dedicated list server for Governors' designees in order to provide you with non-safeguards information electronically. We request that you provide us with an E-mail address so that we may provide this information to you in an expedited fashion. We will not publish your E-mail address in the *Federal Register*, but will have it available to provide information to you in a manner that is timelier than regular mail service.

During the year, please keep us informed of changes which may arise in appointment, address, telephone number, or E-mail address. Please note that changes in appointment should be made by the Governor of your State. Our current list of Governors' designees may be found at the following FSME website address: <http://nrc-stp.ornl.gov/special/designee.pdf>

Inquiries on this matter should be directed to Stephen Salomon of my staff at 301-415-2368 or by E-mail at Stephen.Salomon@nrc.gov. You may also Fax corrections to Dr. Salomon at 301-415-5955.

Your cooperation in this matter is greatly appreciated.

Sincerely,

/RA/

OFFICIAL RECORD COPY

April 9, 2008

Captain Bruce Bugg, Special Projects Coordinator
Georgia Department of Public Safety
Motor Carrier Compliance Division
P.O. Box 1456
959 E. Confederate Ave., S.E.
Atlanta, GA 30371-1456

Dear Captain Bugg:

You are listed as the State official designated by your Governor to receive advance notification of transportation of certain shipments of nuclear waste and spent fuel through your State, as required by Section 301 of Public Law 96-295 and implemented by provisions in 10 CFR Parts 71 and 73 of the U.S. Nuclear Regulatory Commission's (NRC) regulations. You are also the designated State official to receive advance notification of other shipments of certain radioactive materials from NRC and Agreement State licensees as part of the enhanced security measures issued by the NRC following the terrorist events of September 11, 2001. I have enclosed a copy of the applicable portions of the regulations for your information (Enclosure 1). Also enclosed is a copy of NRC Regulatory Information Summary 2003-08, "Protection of Safeguards Information from Unauthorized Disclosure" (Enclosure 2), which is intended to assist you in establishing an information protection system that satisfies Safeguards Information handling requirements in 10 CFR 73.21.

Enclosure 3, "Individuals Receiving Advance Notification of Nuclear Waste Shipments," contains the present list of Governors' designees and includes your address and telephone number. **If any information on this list is inaccurate, please send your corrections to the Office of Federal and State Materials and Environmental Management Programs (FSME).** If we do not receive a response by **June 2, 2008**, we will assume the information shown on the list is correct. The list of Governors' designees is required to be published in the *Federal Register* on or about June 30, 2008.

In the aftermath of the events of September 11, 2001, we recognize the importance of quick and timely communication of information to the States. Accordingly, FSME established an E-mail distribution system to provide information to the Governor-appointed State Liaison Officers and State Radiation Control Program Directors. Similarly, we would like to maintain a dedicated list server for Governors' designees in order to provide you with non-safeguards information electronically. We request that you provide us with an E-mail address so that we may provide this information to you in an expedited fashion. We will not publish your E-mail address in the *Federal Register*, but will have it available to provide information to you in a manner that is timelier than regular mail service.

During the year, please keep us informed of changes which may arise in appointment, address, telephone number, or E-mail address. Please note that changes in appointment should be made by the Governor of your State. Our current list of Governors' designees may be found at the following FSME website address: <http://nrc-stp.ornl.gov/special/designee.pdf>

Inquiries on this matter should be directed to Stephen Salomon of my staff at 301-415-2368 or by E-mail at Stephen.Salomon@nrc.gov. You may also Fax corrections to Dr. Salomon at 301-415-5955.

Your cooperation in this matter is greatly appreciated.

The list of Governors' designees is required to be published in the *Federal Register* on or about June 30, 2008.

In the aftermath of the events of September 11, 2001, we recognize the importance of quick and timely communication of information to the States. Accordingly, FSME established an E-mail distribution system to provide information to the Governor-appointed State Liaison Officers and State Radiation Control Program Directors. Similarly, we would like to maintain a dedicated list server for Governors' designees in order to provide you with non-safeguards information electronically. We request that you provide us with an E-mail address so that we may provide this information to you in an expedited fashion. We will not publish your E-mail address in the *Federal Register*, but will have it available to provide information to you in a manner that is timelier than regular mail service.

During the year, please keep us informed of changes which may arise in appointment, address, telephone number, or E-mail address. Please note that changes in appointment should be made by the Governor of your State. Our current list of Governors' designees may be found at the following FSME website address: <http://nrc-stp.ornl.gov/special/designee.pdf>

Inquiries on this matter should be directed to Stephen Salomon of my staff at 301-415-2368 or by E-mail at Stephen.Salomon@nrc.gov. You may also Fax corrections to Dr. Salomon at 301-415-5955.

Your cooperation in this matter is greatly appreciated.

Sincerely,

/RA/

Dear Lt. Dahlke:

You are listed as the State official designated by your Governor to receive advance notification of transportation of certain shipments of nuclear waste and spent fuel through your State, as required by Section 301 of Public Law 96-295 and implemented by provisions in 10 CFR Parts 71 and 73 of the U.S. Nuclear Regulatory Commission's (NRC) regulations. You are also the designated State official to receive advance notification of other shipments of certain radioactive materials from NRC and Agreement State licensees as part of the enhanced security measures issued by the NRC following the terrorist events of September 11, 2001. I have enclosed a copy of the applicable portions of the regulations for your information (Enclosure 1). Also enclosed is a copy of NRC Regulatory Information Summary 2003-08, "Protection of Safeguards Information from Unauthorized Disclosure" (Enclosure 2), which is intended to assist you in establishing an information protection system that satisfies Safeguards Information handling requirements in 10 CFR 73.21.

Enclosure 3, "Individuals Receiving Advance Notification of Nuclear Waste Shipments," contains the present list of Governors' designees and includes your address and telephone number. **If any information on this list is inaccurate, please send your corrections to the Office of Federal and State Materials and Environmental Management Programs (FSME).** If we do not receive a response by **June 2, 2008**, we will assume the information shown on the list is correct. The list of Governors' designees is required to be published in the *Federal Register* on or about June 30, 2008.

OFFICIAL RECORD COPY

April 9, 2008

Colonel Pat Fleming, Chief of the State Police
Maine Department of Public Safety
42 State House Station
Augusta, ME 04333-0042

Dear Colonel Fleming:

You are listed as the State official designated by your Governor to receive advance notification of transportation of certain shipments of nuclear waste and spent fuel through your State, as required by Section 301 of Public Law 96-295 and implemented by provisions in 10 CFR Parts 71 and 73 of the U.S. Nuclear Regulatory Commission's (NRC) regulations. You are also the designated State official to receive advance notification of other shipments of certain radioactive materials from NRC and Agreement State licensees as part of the enhanced security measures issued by the NRC following the terrorist events of September 11, 2001. I have enclosed a copy of the applicable portions of the regulations for your information (Enclosure 1). Also enclosed is a copy of NRC Regulatory Information Summary 2003-08, "Protection of Safeguards Information from Unauthorized Disclosure" (Enclosure 2), which is intended to assist you in establishing an information protection system that satisfies Safeguards Information handling requirements in 10 CFR 73.21.

Enclosure 3, "Individuals Receiving Advance Notification of Nuclear Waste Shipments," contains the present list of Governors' designees and includes your address and telephone number. **If any information on this list is inaccurate, please send your corrections to the Office of Federal and State Materials and Environmental Management Programs (FSME).** If we do not receive a response by **June 2, 2008**, we will assume the information shown on the list is correct. The list of Governors' designees is required to be published in the *Federal Register* on or about June 30, 2008.

In the aftermath of the events of September 11, 2001, we recognize the importance of quick and timely communication of information to the States. Accordingly, FSME established an E-mail distribution system to provide information to the Governor-appointed State Liaison Officers and State Radiation Control Program Directors. Similarly, we would like to maintain a dedicated list server for Governors' designees in order to provide you with non-safeguards information electronically. We request that you provide us with an E-mail address so that we may provide this information to you in an expedited fashion. We will not publish your E-mail address in the *Federal Register*, but will have it available to provide information to you in a manner that is timelier than regular mail service.

During the year, please keep us informed of changes which may arise in appointment, address, telephone number, or E-mail address. Please note that changes in appointment should be made by the Governor of your State. Our current list of Governors' designees may be found at the following FSME website address: <http://nrc-stp.ornl.gov/special/designee.pdf>

Inquiries on this matter should be directed to Stephen Salomon of my staff at 301-415-2368 or by E-mail at Stephen.Salomon@nrc.gov. You may also Fax corrections to Dr. Salomon at 301-415-5955.

Your cooperation in this matter is greatly appreciated.

Sincerely,

/RA/

Laurence K. Lau, Deputy Director for Environmental Health
State of Hawaii Department of Health
P.O. Box 3378
1250 Punchbowl Street, Suite 325
Honolulu, HI 96813

Dear Mr. Lau:

You are listed as the State official designated by your Governor to receive advance notification of transportation of certain shipments of nuclear waste and spent fuel through your State, as required by Section 301 of Public Law 96-295 and implemented by provisions in 10 CFR Parts 71 and 73 of the U.S. Nuclear Regulatory Commission's (NRC) regulations. You are also the designated State official to receive advance notification of other shipments of certain radioactive materials from NRC and Agreement State licensees as part of the enhanced security measures issued by the NRC following the terrorist events of September 11, 2001. I have enclosed a copy of the applicable portions of the regulations for your information (Enclosure 1). Also enclosed is a copy of NRC Regulatory Information Summary 2003-08, "Protection of Safeguards Information from Unauthorized Disclosure" (Enclosure 2), which is intended to assist you in establishing an information protection system that satisfies Safeguards Information handling requirements in 10 CFR 73.21.

Enclosure 3, "Individuals Receiving Advance Notification of Nuclear Waste Shipments," contains the present list of Governors' designees and includes your address and telephone number. **If any information on this list is inaccurate, please send your corrections to the Office of Federal and State Materials and Environmental Management Programs (FSME).** If we do not receive a response by **June 2, 2008**, we will assume the information shown on the list is correct. The list of Governors' designees is required to be published in the *Federal Register* on or about June 30, 2008.

In the aftermath of the events of September 11, 2001, we recognize the importance of quick and timely communication of information to the States. Accordingly, FSME established an E-mail distribution system to provide information to the Governor-appointed State Liaison Officers and State Radiation Control Program Directors. Similarly, we would like to maintain a dedicated list server for Governors' designees in order to provide you with non-safeguards information electronically. We request that you provide us with an E-mail address so that we may provide this information to you in an expedited fashion. We will not publish your E-mail address in the *Federal Register*, but will have it available to provide information to you in a manner that is timelier than regular mail service.

During the year, please keep us informed of changes which may arise in appointment, address, telephone number, or E-mail address. Please note that changes in appointment should be made by the Governor of your State. Our current list of Governors' designees may be found at the following FSME website address: <http://nrc-stp.ornl.gov/special/designee.pdf>

Inquiries on this matter should be directed to Stephen Salomon of my staff at 301-415-2368 or by E-mail at Stephen.Salomon@nrc.gov. You may also Fax corrections to Dr. Salomon at 301-415-5955.

Your cooperation in this matter is greatly appreciated.

Sincerely,

/RA/

I have enclosed a copy of the applicable portions of the regulations for your information (Enclosure 1). Also enclosed is a copy of NRC Regulatory Information Summary 2003-08, "Protection of Safeguards Information from Unauthorized Disclosure" (Enclosure 2), which is intended to assist you in establishing an information protection system that satisfies Safeguards Information handling requirements in 10 CFR 73.21.

Enclosure 3, "Individuals Receiving Advance Notification of Nuclear Waste Shipments," contains the present list of Governors' designees and includes your address and telephone number. **If any information on this list is inaccurate, please send your corrections to the Office of Federal and State Materials and Environmental Management Programs (FSME).** If we do not receive a response by **June 2, 2008**, we will assume the information shown on the list is correct. The list of Governors' designees is required to be published in the *Federal Register* on or about June 30, 2008.

In the aftermath of the events of September 11, 2001, we recognize the importance of quick and timely communication of information to the States. Accordingly, FSME established an E-mail distribution system to provide information to the Governor-appointed State Liaison Officers and State Radiation Control Program Directors. Similarly, we would like to maintain a dedicated list server for Governors' designees in order to provide you with non-safeguards information electronically. We request that you provide us with an E-mail address so that we may provide this information to you in an expedited fashion. We will not publish your E-mail address in the *Federal Register*, but will have it available to provide information to you in a manner that is timelier than regular mail service.

During the year, please keep us informed of changes which may arise in appointment, address, telephone number, or E-mail address. Please note that changes in appointment should be made by the Governor of your State. Our current list of Governors' designees may be found at the following FSME website address: <http://nrc-stp.ornl.gov/special/designee.pdf>

Inquiries on this matter should be directed to Stephen Salomon of my staff at 301-415-2368 or by E-mail at Stephen.Salomon@nrc.gov. You may also Fax corrections to Dr. Salomon at 301-415-5955.

Your cooperation in this matter is greatly appreciated.

Sincerely,

/RA/

Dean C. Plaskett, Esq., Commissioner
Department of Planning and Natural Resources
Cyril E. King Airport/Terminal Building - Second Floor
Cyril E. King Airport-Terminal Bldg.-2nd Floor
St. Thomas, VI 00802

Dear Mr. Plaskett:

You are listed as the State official designated by your Governor to receive advance notification of transportation of certain shipments of nuclear waste and spent fuel through your State, as required by Section 301 of Public Law 96-295 and implemented by provisions in 10 CFR Parts 71 and 73 of the U.S. Nuclear Regulatory Commission's (NRC) regulations. You are also the designated State official to receive advance notification of other shipments of certain radioactive materials from NRC and Agreement State licensees as part of the enhanced security measures issued by the NRC following the terrorist events of September 11, 2001. I have enclosed a copy of the applicable portions of the regulations for your information (Enclosure 1). Also enclosed is a copy of NRC Regulatory Information Summary 2003-08, "Protection of Safeguards Information from Unauthorized Disclosure" (Enclosure 2), which is intended to assist you in establishing an information protection system that satisfies Safeguards Information handling requirements in 10 CFR 73.21.

Enclosure 3, "Individuals Receiving Advance Notification of Nuclear Waste Shipments," contains the present list of Governors' designees and includes your address and telephone number. **If any information on this list is inaccurate, please send your corrections to the Office of Federal and State Materials and Environmental Management Programs (FSME).** If we do not receive a response by **June 2, 2008**, we will assume the information shown on the list is correct. The list of Governors' designees is required to be published in the *Federal Register* on or about June 30, 2008.

In the aftermath of the events of September 11, 2001, we recognize the importance of quick and timely communication of information to the States. Accordingly, FSME established an E-mail distribution system to provide information to the Governor-appointed State Liaison Officers and State Radiation Control Program Directors. Similarly, we would like to maintain a dedicated list server for Governors' designees in order to provide you with non-safeguards information electronically. We request that you provide us with an E-mail address so that we may provide this information to you in an expedited fashion. We will not publish your E-mail address in the *Federal Register*, but will have it available to provide information to you in a manner that is timelier than regular mail service.

During the year, please keep us informed of changes which may arise in appointment, address, telephone number, or E-mail address. Please note that changes in appointment should be made by the Governor of your State. Our current list of Governors' designees may be found at the following FSME website address: <http://nrc-stp.ornl.gov/special/designee.pdf>

Inquiries on this matter should be directed to Stephen Salomon of my staff at 301-415-2368 or by E-mail at Stephen.Salomon@nrc.gov. You may also Fax corrections to Dr. Salomon at 301-415-5955.

Your cooperation in this matter is greatly appreciated.

Sincerely,

/RA/

OFFICIAL RECORD COPY

April 9, 2008

Kim Stricklan, P.E.
Solid Waste/Pesticide Program Manager
Alaska Department of Environmental Conservation
555 Cordova Street
Anchorage, AK 99501

Dear Ms. Stricklan:

You are listed as the State official designated by your Governor to receive advance notification of transportation of certain shipments of nuclear waste and spent fuel through your State, as required by Section 301 of Public Law 96-295 and implemented by provisions in 10 CFR Parts 71 and 73 of the U.S. Nuclear Regulatory Commission's (NRC) regulations. You are also the designated State official to receive advance notification of other shipments of certain radioactive materials from NRC and Agreement State licensees as part of the enhanced security measures issued by the NRC following the terrorist events of September 11, 2001. I have enclosed a copy of the applicable portions of the regulations for your information (Enclosure 1). Also enclosed is a copy of NRC Regulatory Information Summary 2003-08, "Protection of Safeguards Information from Unauthorized Disclosure" (Enclosure 2), which is intended to assist you in establishing an information protection system that satisfies Safeguards Information handling requirements in 10 CFR 73.21.

Enclosure 3, "Individuals Receiving Advance Notification of Nuclear Waste Shipments," contains the present list of Governors' designees and includes your address and telephone number. **If any information on this list is inaccurate, please send your corrections to the Office of Federal and State Materials and Environmental Management Programs (FSME).** If we do not receive a response by **June 2, 2008**, we will assume the information shown on the list is correct. The list of Governors' designees is required to be published in the *Federal Register* on or about June 30, 2008.

In the aftermath of the events of September 11, 2001, we recognize the importance of quick and timely communication of information to the States. Accordingly, FSME established an E-mail distribution system to provide information to the Governor-appointed State Liaison Officers and State Radiation Control Program Directors. Similarly, we would like to maintain a dedicated list server for Governors' designees in order to provide you with non-safeguards information electronically. We request that you provide us with an E-mail address so that we may provide this information to you in an expedited fashion. We will not publish your E-mail address in the *Federal Register*, but will have it available to provide information to you in a manner that is timelier than regular mail service.

During the year, please keep us informed of changes which may arise in appointment, address, telephone number, or E-mail address. Please note that changes in appointment should be made by the Governor of your State. Our current list of Governors' designees may be found at the following FSME website address: <http://nrc-stp.ornl.gov/special/designee.pdf>

Dear Mr. White:

You are listed as the State official designated by your Governor to receive advance notification of transportation of certain shipments of nuclear waste and spent fuel through your State, as required by Section 301 of Public Law 96-295 and implemented by provisions in 10 CFR Parts 71 and 73 of the U.S. Nuclear Regulatory Commission's (NRC) regulations. You are also the designated State official to receive advance notification of other shipments of certain radioactive materials from NRC and Agreement State licensees as part of the enhanced security measures issued by the NRC following the terrorist events of September 11, 2001. I have enclosed a copy of the applicable portions of the regulations for your information (Enclosure 1). Also enclosed is a copy of NRC Regulatory Information Summary 2003-08, "Protection of Safeguards Information from Unauthorized Disclosure" (Enclosure 2), which is intended to assist you in establishing an information protection system that satisfies Safeguards Information handling requirements in 10 CFR 73.21.

Enclosure 3, "Individuals Receiving Advance Notification of Nuclear Waste Shipments," contains the present list of Governors' designees and includes your address and telephone number. **If any information on this list is inaccurate, please send your corrections to the Office of Federal and State Materials and Environmental Management Programs (FSME).** If we do not receive a response by **June 2, 2008**, we will assume the information shown on the list is correct. The list of Governors' designees is required to be published in the *Federal Register* on or about June 30, 2008.

In the aftermath of the events of September 11, 2001, we recognize the importance of quick and timely communication of information to the States. Accordingly, FSME established an E-mail distribution system to provide information to the Governor-appointed State Liaison Officers and State Radiation Control Program Directors. Similarly, we would like to maintain a dedicated list server for Governors' designees in order to provide you with non-safeguards information electronically. We request that you provide us with an E-mail address so that we may provide this information to you in an expedited fashion. We will not publish your E-mail address in the *Federal Register*, but will have it available to provide information to you in a manner that is timelier than regular mail service.

During the year, please keep us informed of changes which may arise in appointment, address, telephone number, or E-mail address. Please note that changes in appointment should be made by the Governor of your State. Our current list of Governors' designees may be found at the following FSME website address: <http://nrc-stp.ornl.gov/special/designee.pdf>

Inquiries on this matter should be directed to Stephen Salomon of my staff at 301-415-2368 or by E-mail at Stephen.Salomon@nrc.gov. You may also Fax corrections to Dr. Salomon at 301-415-5955.

Your cooperation in this matter is greatly appreciated.
