Lisle, IL 60532-4352

Re: Amendment to License No. 21-04177-01, Lakeland Medical Center.

Please amend our license as follows:

Please add the following address as an new address of use of radioactive materials:

3900 Hollywood Road
St. Joseph, MI 49085

Radioactive material use at this facility will be for nuclear medicine procedures. The areas of use will include a camera room and a radiopharmacy. A diagram of the area is enclosed for your use.

The address of use is at the Lakeland Medical Center for Outpatient Services. It is an outpatient facility that is owned and managed by Lakeland Medical Center. The building is a single story building on cement. Nothing will be located above or below the areas of use of radioactive material.

Thank you for your cooperation in this matter. If you have any questions concerning this request, please contact our consulting physicist, Dawn Edwards, at 734-662-3197.

Sincerely,

A handwritten signature in black ink, appearing to read 'Joseph Wasserman', is written over a horizontal line.

Joseph Wasserman
President & CEO, Lakeland Medical Center
