NRC-03-07-041 Task Order No. 001 Modification No. 3 Page 2 of 2

The purpose of this modification is to (1) extend the period of performance from March 31, 2008 to July 31, 2008 at a no cost extension to allow for delayed vendor trips to the test facilities. This delay is a result of resolution of the technical issues between NRC staff and the licensees on the test protocol of GSI-191 chemical effects and 2) change the NRC Technical Monitor from John Burke to Emma Wong. Accordingly the contract is modified as follows:

1) Refer to the Statement of Work, Section No. 6 entitled "Period of Performance" is deleted in its entirety and replaced with the following:

"The period of performance for this task order shall be from June 7, 2007 through July 31, 2008"

2) The NRC Technical Monitor is revised to read as follows:

"Remove:

John Burke

Add:

Emma Wong, (p) 301-415-1217"

All other terms and conditions of the subject modification remain unchanged including the task order ceiling of \$46,705.00.
