1. I apologize in the delay in getting back to you in response to your inquiry via e-mail dated March 12, 2008, concerning the advantage to change the license to "Possession Only License Incident to Termination of the License"?

When a licensee requests to convert an existing license to a possession-only license, it is presumed that the licensee wishes to cease all operations under the license. It also presumes that an acceptable radiation safety program already exists and the licensee is seeking relief from regulatory requirements.

If you would like to amend your license accordingly, please submit a completed Enclosure 1 to Policy and Guidance Directive (PG) 1-27, "Reviewing Requests to Convert Active Licenses to Possession-Only Licenses".

2. Because in an e-mail dated March 12, 2008, you stated that both Mr. Daniel Lieberg and Mr. Daniel Poore no longer work at your facility, please submit a request to ask us to delete Mr. Lieberg and Mr. Poore as authorized users (AUs) and request us to add your name to the license as an AU and Radiation Safety Officer (RSO).
