Project on Government Oversight
Attn: Peter Stockton, Senior Investigator
611 11th Street, NW, Suite 900
Washington, DC 20001-4542

Dear Peter:

While I wish I could have met you in person on Thursday afternoon, I very much enjoyed meeting your boss (and wife) and learning more about POGO. Thanks for sharing your time with me.

I provided Danielle a copy of the NRC organization chart. I have attached a color photo organization chart of the NRC, of the Office of Nuclear Security and Incident Response, and of the Office of the Regional Administrator in Region I. Hopefully that helps you understand who works for whom when you are on the phone with us at some point in the future.

Feel free to give me a call when you have questions on issues in Region I. Take care!

Sincerely,

/RA/
