To Whom It May Concern:

I wish to take this time to express my support of the application that the Tennessee Valley Authority (TVA) has submitted to the Nuclear Regulatory Commission to build units 3 and 4 at the Bellefonte Nuclear Plant site. The Tennessee Valley Region is a growing area and I hope that it will continue to grow. I believe that the completion of Bellefonte as a Nuclear Plant will be a great opportunity to bring in jobs to the area.

Sincerely,

Zella Carter
Stevenson Chapter Chairperson
Greater Jackson County Chamber of Commerce
