Mr. Roland Lickus  
Chief, State & Government Affairs  
U.S. NRC Region III  
2443 Warrenville Road, Suite 210  
Lisle, Illinois 60532-4352

Dear Mr. Lickus:

The Regional Assistance Committee has completed the review of the updated Illinois Plan for Radiological Accidents (IPRA) – LaSalle, Volume III, dated 04/08, site specific to the LaSalle County Station.

Since the draft plan was submitted for RAC review, the following changes were made:

- LaSalle Special Facilities List and Map have been updated.
- Grundy County Special Facilities List and Map have been updated.
- Grundy County Emergency Messages now contain pet sheltering information and additional minor changes.
- Pet Shelter locations have been added to Appendix D, Reception Centers and Congregate Care Centers.
- The Return/Re-entry Relocation section of the Grundy County SOP has been completely revised.
- Annex 3G, Notification List has been updated.

The concept of operations for the State of Illinois, LaSalle County and Grundy County as outlined in the previous 11/06 IPRA-LaSalle has not changed, and the revisions to IPRA-LaSalle do not decrease the effectiveness of the plan. The revised 2008 plan has been found to conform to Title 44 Code of Federal Regulations, Part 350, and the requirements in NUREG-0654.

Enclosed is the final printing of the document dated 04/08, and accompanying maps. Please destroy your old copies of these documents and replace them with the enclosed material.

If you have any questions, please contact me at (312) 408-5575 or Sandra Bailey at (312) 408-5353.

Sincerely,

William E. King, Chairman  
Regional Assistance Committee

Enclosure
