SUBJECT: LEWIS-GALE PHYSICIANS, LLC, LICENSE AMENDMENT, CONTROL NO.  
141661

Dear Mr. Blackwood:

This refers to your license amendment request. Enclosed with this letter is the amended license. Because the board certification submitted for Dr. Oydie Igokidi was not a board approved by the NRC, we could not add Dr. Igokidi as an authorized user at this time. You may resubmit Dr. Igokidi's information and request amendment without prejudice.

Please review the enclosed document carefully and be sure that you understand and fully implement all the conditions incorporated into the amended license. If there are any errors or questions, please notify the U.S. Nuclear Regulatory Commission, Region I Office, Licensing Assistance Team, (610) 337-5239, so that we can provide appropriate corrections and answers.

An environmental assessment for this action is not required, since this action is categorically excluded under 10 CFR 51.22(c)(14).

Current NRC regulations and guidance are included on the NRC's website at [www.nrc.gov](http://www.nrc.gov); select **Nuclear Materials; Medical, Academic, and Industrial Uses of Nuclear Material**; then **Regulations, Guidance, and Communications**. You may also obtain these documents by contacting the Government Printing Office (GPO) toll-free at 1-866-512-1800. The GPO is open from 7:00 a.m. to 8:00 p.m. EST, Monday through Friday (except Federal holidays).

Thank you for your cooperation.

Sincerely,
