Subject: Please Deny EnergySolutions' Import Application (IW023) submission

Please copy and paste some or all of the above message into the text box below : I am writing to you to urge the Nuclear Regulatory Commission to deny EnergySolutions' request to import 20,000 tons of ITALIAN nuclear waste into the U.S. This single request is many times larger than previous import licenses granted by the Commission and would therefore represent a serious departure in this country's policies for handling nuclear waste.

Allowing ITALIAN waste into the U.S. sets a horrible precedent for the future and for making countries that use nuclear technologies develop internal methods of disposing of the waste. Let those who have benefited from the use store the garbage.
