**Subject:** Please Deny EnergySolutions' Import Application (IW023) submission

Please copy and paste some or all of the above message into the text box below : Dear Office of the Secretary and Gov. Huntsman,

Please deny EnergySolutions' request to import Italian nuclear waste into the U.S.

Not only is this request a serious departure in this country's policies for handling nuclear waste, but also sets a dangerous precedent for the U.S. to become the world's nuclear waste repository.

The nuclear waste already constitutes an unreasonable risk to public health, but the transportation presents an unacceptable risk.

Because of the concerns stated above, I strongly urge the Commission to reject the application submitted by EnergySolutions. Thank you.
