OFFICE OF SECRETARY

ADJUDICATIONS STAFF

To Whom It May Concern:

Discussions with numerous "Utahans" indicate that over 95% are vigorously opposed to Utah serving as a dumping ground for foreign nuclear waste. Few, however, will take the time and trouble to express their opinion on paper.

Each state and each country should solve its own problem within the confines of its own political area.

Cordially yours,

Edward R. McKay, M.D.
