Docket No. 11005711

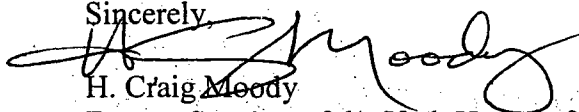

Re: *EnergySolutions*' import license application

I would like to express my support for *EnergySolutions*' import application. In 1991-1992 I was serving in the Utah Legislature and sat on the Utah Legislative Audit Committee. *EnergySolutions* (dba *Envirocare*) was audited for over six months by the Utah Legislative Auditors. After six months of audits, the audit came back very clean. The operation has an excellent safety record. They have been and continue to be a very good corporate citizen in the State of Utah.

I strongly urge the Commission to approve the license application. *EnergySolutions* has an excellent track record.

Thank you for your consideration.

Sincerely,

H. Craig Moody

Former Speaker of the Utah House of Representatives
