Re: Cardiology, P.A.
License No. 29-28773-01

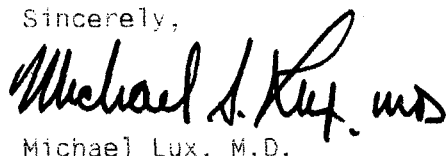

Dear Mr. Mann:

The following remarks are to confirm and/or clarify certain license conditions that we will use operating our nuclear medicine facility.

1. The Hot Lab will remain locked at all times while not attended.
2. The radiopharmacy personnel delivering radioactive material during off-hours shall be provided with a key for access to the Hot Lab. The material shall be placed directly in the Hot Lab by the delivery personnel.
3. Unit dose records shall contain the information required in 10 CFR 35.53(c).
4. Multi-dose records shall contain the information required in 10 CFR 35.53(c).
5. Attachments 10.5 and 10.6 have been revised to contain the correct office telephone number. The telephone number is (201) 467-0005.

Thank you for your attention to this matter.

Sincerely,

Michael Lux, M.D.
