Gentlemen:

Enclosed are the 2007 Estimated Dose Report, the Annual Radiological Environmental Operating Report and the Annual Radioactive Effluent Release Report for the Connecticut Yankee Independent Spent Fuel Storage Installation. Three changes were made to the ODCM during 2007. Those changes are described in Appendix E of the attached Annual Radioactive Effluent Release Report and a copy of the current ODCM is also attached. Also, one change to the ODCM was made during 2006 but not reflected in the 2006 report, therefore that change is also described in this report. For completeness, full copies of revisions 20, 21, 22 and the current revision 23 are attached.

If you have any questions, please contact me at (860)-267-6426 extension 303, or at JLenois@3yankees.com.

Sincerely,

James Lenois
