Summary: In accordance with our telephone conversation April 23, 2008, Licensee has agreed to NRC amending the license to authorize one Troxler Model 3400 Series gauge should they resume work in the near future. Licensee was informed that if they did not resume activity under this license within two years of the date of this amendment they must notify the NRC in accordance with 10 CFR 30.36(d) and terminate the license within 6 months of the date of the notification. They were informed that they will continue to pay annual fees for possession of this license until such time that they terminate their activities; even though they currently do not possess a portable gauge. The licensee was directed to 10CFR30.36(d) on NRC web site to confirm the regulation. Mr Kennedy agree to the NRC's action and understood the requirements.
