Please copy and paste some or all of the above message into the text box below : Dear NRC and Governor Huntsman; Please do not allow nuclear waste from a foreign country into Utah. My goodness what is interfering with your thought process?

I am a firm believer of disposing waste where it is generated. If a site is deemed safe enough to generate it, it is safe enough to store it. That way there are significantly reduced waste sites in any country, not just the US and by not requiring the waste to travel, it substantially reduces terrorist risk and accidental spillage.

"NO GRAZIE" to the Italians and no thanks to any new US generated waste.
