Mr. Stephen N. Salomon  
U.S. Nuclear Regulatory Commission  
Mail Stop T-8-F-42  
Washington, DC 20555

Dear Mr. Salomon:

Pursuant to the National Environmental Policy Act (NEPA), 42 U.S.C. §§ 4321-4347, the National Highway Traffic Safety Administration (NHTSA) plans to prepare an Environmental Impact Statement (EIS) to address the potential environmental impacts of new Corporate Average Fuel Economy (CAFE) standards. The agency is developing the standards for model year 2011-2015 passenger cars and light trucks. I am writing to invite your organization to participate in the first step of the NEPA process by submitting written comments on the appropriate scope of NHTSA's NEPA analysis for the new CAFE standards. A copy of NHTSA's recently issued "Notice of Intent to Prepare an Environmental Impact Statement for New Corporate Average Fuel Economy Standards" is enclosed. The notice provides more information about the CAFE rulemaking, the NEPA "scoping" process, and the opportunity to comment during scoping.

Please share this letter and the enclosed notice with interested parties within your organization. In addition, if you are not the appropriate contact for this matter, please provide NHTSA with contact information for your organization's lead contact by returning the enclosed mailing list form to NHTSA or by sending an e-mail containing the information requested on the form to [nhtsa.nepa@dot.gov](mailto:nhtsa.nepa@dot.gov) by Friday, April 25, 2008.

Throughout the NEPA process, notices published in the *Federal Register* will announce the availability of NHTSA's NEPA documents concerning the new CAFE standards and opportunities for public participation. NHTSA also anticipates communicating such information directly to interested parties primarily by e-mail; however, NHTSA will mail such information to parties who indicate on the enclosed form that they prefer to receive paper copies. If you wish to receive NHTSA's correspondence about this matter by mail, please indicate your preference on the enclosed form. In addition, NHTSA plans to post information about its environmental review for the new CAFE standards on its website ([www.nhtsa.dot.gov](http://www.nhtsa.dot.gov)).

Thank you for your cooperation.

Sincerely yours,

**Notice of Intent to Prepare an Environmental Impact Statement for New Corporate Average Fuel Economy Standards**

**AGENCY:** National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

**ACTION:** Notice of intent; request for scoping comments.

**SUMMARY:** Pursuant to the National Environmental Policy Act (NEPA), NHTSA plans to prepare an Environmental Impact Statement (EIS) to address the potential environmental impacts of the agency's Corporate Average Fuel Economy program for passenger automobiles (referred to herein as "passenger cars") and non-passenger automobiles (referred to herein as "light trucks"). The EIS will consider the potential environmental impacts of new fuel economy standards for model year 2011-2015 passenger cars and light trucks that NHTSA will be proposing pursuant to the Energy Independence and Security Act of 2007.

To this end, this notice initiates the NEPA scoping process to identify the environmental issues and reasonable alternatives to be examined in the EIS, and requests comments regarding those and other matters related to the scope of NHTSA'S NEPA analysis for the new standards. NHTSA will provide further guidance for the public about the scoping process in a separate notice that

will be published when the proposal itself is published.

**DATES:** The scoping process will culminate in the preparation and issuance of a Draft EIS, which will be made available for public comment. Interested persons are requested to submit their scoping comments as soon as possible after the issuance of the proposal in order to ensure their consideration and facilitate the agency's prompt preparation of the Draft EIS.

**SUPPLEMENTARY INFORMATION:** NHTSA is preparing a notice of proposed rulemaking (NPRM) to propose Corporate Average Fuel Economy (CAFE) standards for model year (MY) 2011-2015 passenger cars and light trucks pursuant to the amendments made by the Energy Independence and Security Act of 2007, Public Law 110-140, 121 Stat. 1492 (December 19, 2007)
