Dear Dr. O'Toole:

This refers to your letter dated February 7, 2008, requesting an amendment to add Dr. Luke A. Wilson as an authorized user to your license. We will need to void your request at this time because the specialty board certification you submitted for Dr. Wilson is not recognized by the NRC (please see enclosed memo). We will void your request without prejudice to resubmission. Please submit the information as requested in the enclosed memo. When you resubmit your request please state that the resubmission is additional information to **Voided Control 316894**. We will resume our review upon receipt of your response. Please note, that a "voided request" is an administrative procedure that puts your amendment request "on hold" until you reactive it by a written response. The "voided request" is regarded as "good" because it gives you time to prepare a quality response.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

Sincerely,

William P. Reichhold
