SUBJECT: NRC INSPECTION REPORT NO. 70-27/2003-008 (PART 2)

Dear Mr. Nash:

This refers to the inspection conducted from September 21 through November 1, 2003, at the Nuclear Products Division facility. The purpose of the inspection was to determine whether activities authorized by the license were conducted safely and in accordance with NRC requirements. At the conclusion of the inspection, the findings were discussed with those members of your staff identified in the enclosed report.

Areas examined during the inspection are identified in the report. Within these areas, the inspection consisted of selective examination of procedures and representative records, interviews with personnel, and observation of activities in progress.

Within the scope of this inspection, violations or deviations were not identified.
