You have the data in hard copy today (document control desk has it via fed ex). That is the official response. For convenience we're sending direct to you a CD with the enclosures. I will have Carolyn send an additional paper copy of the enclosures with the CD (fed ex today). Bottom line is, since you will be out tomorrow and Monday, if you could facilitate getting the info from document control to the seismic team today.

Thanks  
Andrea

Andrea,

I received your phone message that the partial response to RAI 2.5.2-1 for the Bellefonte application has been provided to our document control desk and that you will be providing me with an electronic copy of the response and fed ex the data that accompanies the response so that I will have a copy to provide to our reviewers.

If I misunderstood the message please let me know.

Thanks,
