Barry,

At <http://www.nrc.gov/reading-rm/doc-collections/gen-comm/info-notices/1989/in89025r1.html> there is additional guidance on Transfer of Control that may be helpful to you. It is an information notice that was written in 1989 and updated in 1994 that was sent out to all fuel cycle facilities and material sites. If you cannot open the link, if you go to the NRC web site and select reading room and then under document collections you will find generic communication and information notices. Select the year 1989 and then look for information notice in89025r1. If you have any questions, please feel free to contact me.

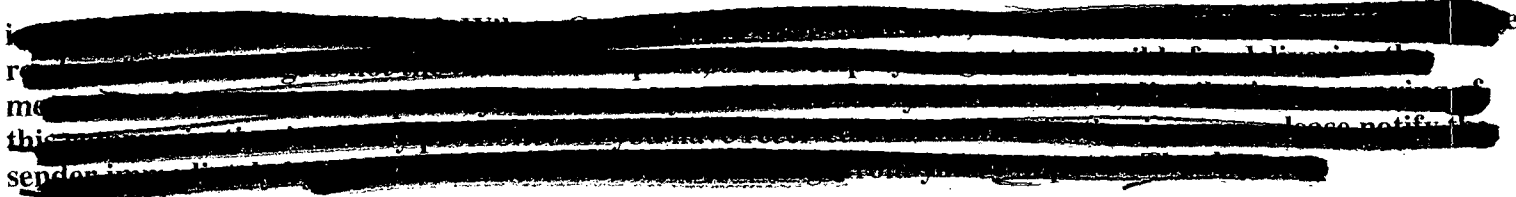

I will be out of the office on Friday, January 18 and Monday, January 21, 2008. If you need immediate assistance on BWXT licensing issues, please contact Mary Adams at [REDACTED]. If you need immediate assistance on other items, please contact Peter Habighorst at [REDACTED]. The office will be closed on Monday, January 21 due to the Federal Holiday.
