Subject: SLDA Ownership

Beth Colling of our legal staff requested that I send to you the following clarification pertaining to our SLDA site based on her conversations with you.

The Parks Township Shallow Land Disposal Area (SLDA) license SNM-2001 (Docket 70-3085) covers a site that is an inoperative radioactive waste disposal site where operations were conducted between 1960 and 1970. It is located approximately 23 miles east-northeast of Pittsburgh in Armstrong County, Pennsylvania. There have been no changes to the ownership of this site. The assets, liabilities, financial assurance (which is provided by ARCO) and management of SLDA has not changed.

Jim
