Barry/Leah:

You stated that the BWXT Technologies, Inc. in the "current organization" and the "New organization" is the holding company for the licensee (SNM-42). Please provide this information to me in writing. If you email me with a response, we will make it publicly available unless you provide rationale and we agree with your rationale.

You stated that the Nuclear Operations Division in the "current organization" is not a separate company, but in fact a division of BWX Technologies, Inc. Please provide this information to me in writing.

Explain the last tier of both organizational charts. You stated in our conversation this morning that the Nuclear Operations Division in the "current organization" represents the licensee and the new proposed corporation Babcock & Wilcox Nuclear Operations Group, Inc. represents the licensee in the new proposed restructuring. You also stated that the last tier represents "plants."

Specifically, how do the "plants" relate to the licensee?

Explain how the LTC fits into both organizational charts.

Please provide the financial information on SNM-2001.

Sincerely,
Amy

Amy M. Snyder, Senior Project Manager
U.S Nuclear Regulatory Commission
Office of Nuclear Material Safety and Safeguards
Division of Fuel Cycle Safety and Safeguards
Fuel Facility Licensing Directorate (FFLD)
Fuel Manufacturing Branch (FMB)
