Dear Dr. Todd:

This is in reference to your letter received March 17, 2008 requesting to amend Nuclear Regulatory Commission License No. 45-25527-01. In order to continue our review, we need the following additional information:

1. In support of your request to authorize Drs. Joseph L. Austin and Stephen Gilmer Phillips for materials permitted under 10 CFR 35.200 please provide a written attestation, signed by a preceptor physician authorized user, that each of the proposed authorized users mentioned above have achieved a level of competency sufficient to function independently as an authorized user for the medical uses authorized under 10 CFR 35.200.

NRC Form 313A may be used to document this information. I have attached the form to this e-mail.

Current NRC regulations and guidance are included on the NRC's website at [www.nrc.gov](http://www.nrc.gov); select **Nuclear Materials; Medical, Academic, and Industrial Uses of Nuclear Material; Regulations, Guidance, and Communications**.
