Joe,

I will get back with you after 9:00 am on the rad meeting. Also, tomorrow I will in training from 8:00 am until 4:00 pm. I will be on the morning call but will have to drop off at 8:00. I will return calls at breaks, noon, and after 4:00 pm, e-mails every chance I get.

Phil,

The reviewer, Steven Schaffer, indicated to me that he was generally available today and the rest of the week.

Joe

Joe,

I will call after 9:00 with how quickly I can get then on the phone.
Do you know when the reviewers are available?

Phil,

I think the items in the list are pretty self explanatory so I don't think further questions at our level is needed, unless you have questions or need clarification. I would like to arrange a phone call to get the tech reviewers talking to each other to make sure that the issue is fully understood by both sides.

Joe

Joe,

Do you want the full technical experts or do you want to talk to me to pass the questions along first? I can support me talking anytime after 9:00AM. I can tell you when the technical experts are available after 9:00AM.

Subject: request to support phone call to discuss radiological issue

Phil,

Attached is the latest version of the acceptance review tracking table.

Two new items have been added (item 6 and 7) regarding radiological issues. We would like to arrange a phone call to discuss these issues with you. Because Joelle is in training today and tomorrow, I will take the lead in arranging the call. Once Joelle gets back from training she will be the PM tracking the issue through the acceptance review.

Can you let me know when you can support a phone call to discuss these issues.

Thanks,

Joe
