STATEMENT OF INTENT

As Chancellor of the Missouri University of Science and Technology (Missouri S&T), I exercise express authority and responsibility to approve funding for decommissioning activities associated with operations authorized by U.S. Nuclear Regulatory Commission Material License No. 24-00513-40. This authority is established by Section 70.010C of the University of Missouri, Board of Curators, *Collected Rules and Regulations*. Within the authority, I intend to have funds made available when necessary in an amount up to \$1,125,000 to decommission all facilities belonging to Missouri S&T where radioactive materials are used. I intend to request and obtain these funds sufficiently in advance of decommissioning to prevent delay of required activities.

A copy of Section 70.010C is attached as evidence that I am authorized to represent the Missouri University of Science and Technology in this transaction.

A handwritten signature in black ink that reads "John F. Carney III".
