RULEMAKINGS AND  
ADJUDICATIONS STAFF

Docket No. 11005711

Re: *EnergySolutions*' import license application

We would like to express our support for *EnergySolutions*' import application. With more than 25 years of experience in environmental restorations and disposition, *EnergySolutions* is the industry leader in waste disposal.

Operating with an exceptional record for safety, *EnergySolutions* not only operates with a distinct concern for public safety, but also a sensitivity to environmental safety. The company continues to meet every applicable Commission, Department of Transportation and state requirement for the safe handling and transportation of nuclear materials.

I strongly urge the Commission to approve the license application. *EnergySolutions* has proven that it is a responsible company that performs at the highest level in the industry.

Thank you for your consideration.

Sincerely,

Tooele County Chamber of Commerce  
Debbie Winn  
Executive Director
