Subject: Annual Radioactive Effluent Release and Radiological Environmental
Operating Reports and Revised Offsite Dose Calculation Manual

The 2007 Annual Radioactive Effluent Release and Radiological Environmental Operating Reports for Fermi 2 are enclosed. This combined report is being transmitted in accordance with Reference 2 and Regulatory Guide 1.21, Revision 1. The enclosed report covers the period from January 1 through December 31, 2007. Additionally, since the offsite dose calculation manual (ODCM) was revised in 2007, a complete copy is included in accordance with Technical Specifications.

Should you have any questions regarding this report, please contact Mr. David Keskitalo, General Supervisor, Radiological Engineering at (734) 586-5112.

Sincerely,
