

XSNM 3532

**Embassy
of the
Argentine Republic**

OFEU 17/08

The Embassy of the Argentine Republic presents its compliments to the **Department of Energy – National Nuclear Security Administration – Office of International Regimes and Agreements** – and has the honor to refer to the letter from the U.S. nuclear Regulatory Commission and application for the license number XSNM3532, for the export of 21.30 kilograms of U-235 contained in 106.8 kilograms of Uranium, enriched to a maximum of 19.95%, in the form of broken metal pieces. The material, to be sent to the **Comisión Nacional de Energía Atómica** will be used for the fabrication of fuel for the RA-1 and RA-3, and RA-6 research reactors in Argentina.

In this regard, the Argentine Government wishes to state that:

(a) the **Comisión Nacional de Energía Atómica** remains a legal person duly authorized by our Government to receive the nuclear material to be transferred;

(b) the transfer of the material, as identified on the license application, will be subject to all the terms and conditions of the Agreement for Cooperation for Civil Uses of Atomic Energy between the Government of the United States and the Government of Argentina, which entered into force on October 16, 1997.

The Embassy of the Argentine Republic avails itself of this opportunity to reiterate to the **Department of Energy - Office of International Regimes and Agreements** -- the assurances of its highest consideration.

Washington, D.C, April 16, 2008
