SIGNIFICANCE (TAC L31836)

Dear Ms. Morrell:

This letter relates to the staff review of your license renewal application. This letter follows on-site visits by NRC security reviewers on May 3-4 and June 21-22, 2005. Our review of this matter has concluded that additional information is needed to address regulatory issues. The additional information, specified in the enclosure, should be provided within 30 days of the date of this letter. Please reference the above TAC No. in future correspondence related to this request.

This letter contains questions related to the security review of your application only. You have already received a request for additional information on your environmental report, dated December 27, 2004, and you should expect to receive separate requests in other topical areas, as the NRC's review continues. These separate requests, when taken in total, will comprise the NRC's request for additional information on your license renewal application. If you have any questions concerning this letter, please contact me at (301) 415-75848 or via e-mail to bcg@nrc.gov.
