Site Communication

Subject: D.C. COOK SENIOR MANAGEMENT CHANGES

Discussion:

D.C. Cook announced that Mark Peifer, the current site vice president, has been named as vice president Generating Assets - Indiana Michigan Power. He will report to Mark McCullough, AEP senior vice president, Fossil and Hydro Generation. Larry Weber, the current plant engineering director, has been named as the new site vice president. The transition will be complete by June 1, 2008. A new engineering director will be named at a later date.
